DESCRIPTION:

With a capacity of up to 200Kg, Zeus carries larger loads up and down stairs with just a single operator. It can move building materials, printers, home appliances, furniture and other goods quickly and safely

Solid tyres, gravity-operated brake system, Intensive Aluminum alloy frame, one-touch button control, rechargeable battery, and higher load capacity make it popular in various situations.

TECHNICAL DATA:

Model: Zeus

Net weight: 29 kg

Weight of Battery: 3kg

Capacity: 200kg

Battery capacity: 50Floors

Climbing Speed: 24 Steps/min (Slow)

34 Steps/min (Fast)

Overall Size: 1590mm*545mm*540mm

Main Material: Aluminum alloy

Battery Type: Lithium Battery

Charging Voltage: 1 00V-240V

Charging Time: 3 hours

Noise: < 70dB

Brake:Yes

Protection Level: IP54

Fold Size: 1195mm*545mm*308mm

PRODUCT DETAILS:

Handle

Rotating the handle forwards can assist with stair climbing and allows it to operate on smaller landings.

Run button

The one-touch operation button ensures both hands remain on the handle at all times,

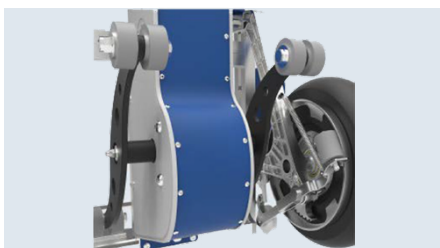

Battery

Fast release for easy charging
Displays remaining % and voltage

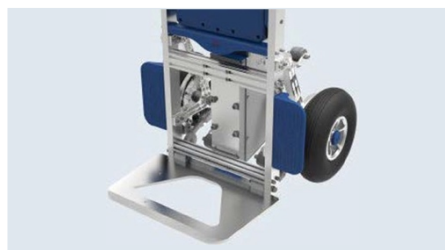

Up/Down Button Fast/Slow Button

Brake System

Automatically detects stair edge when going downstairs to prevent trolley from rolling forward.

Toe Plate

Foldable Toe plate for more accessible transport and storage

APPLICATIONS
